**Subject:** Responses to Some Questions from Last Night's Planning Board Meeting

Bill/Steve,

Some responses to questions that came up at last night's meeting. Please pass this along to the Planning Board members.

I. MEPA: The MEPA ENF filing was submitted on 9/15/2010. Included on the distribution list were several boards and officials from the Town of Webster including:

1. Webster Board of Selectmen
2. Webster Community Development
3. Webster DPW
4. Webster Planning Board
5. Webster Conservation Commission
6. Webster Board of Health
7. Webster Public Library

The ENF was also distributed to the following boards and officials from the Town of Douglas:  
Douglas Board of Selectmen

1. Douglas Board of Selectmen
2. Douglas Community Development
3. Douglas DPW
4. Douglas Planning Board
5. Douglas Conservation Commission
6. Douglas Board of Health
7. Douglas Public Library

They all should have received copies of the ENF by now. MEPA has communicated to VHB that the Site Walk is planned for the week of October 11 but has not yet been scheduled. MEPA has also communicated that all the officials/boards on the ENF distribution list including those from Webster (listed above) will receive notice on the date and time of the walk.

II. DCR: The people in DCR with whom I had meetings and/or phone conversations regarding the proposal to utilize State Forest locations for wind turbines (including a proposal for land swap) were:

1. Jeff Daley (DCR Senior Policy Advisor)
2. Gary Davis (DCR General Counsel)
3. Jennifer Howard (DCR Director of Land Acquisition and Protection)

Regards,

Rod
