Subject: Please review ZBA tape from May 6th, 2009

Hi Bill,

Prior to the Douglas Planning Board meeting on Tuesday 10/12/2010. Could you please review a 12-minute video clip from May 6, 2009?

This tape clip is a reminder of our request to the Planning Board. Our request for October 12/2010 meeting to the Douglas Planning Board this week to have an open discussion regarding setbacks or to refer back ZBA to review the setbacks requirements. The tape clearly shows the ZBA board video on May 6, 2009 clearly mentions the setback requirements will be covered in Site Plan Review (which is under the Douglas Planning Board currently).

May 6th, 2009
