Hi Stephen,

Since American Pro Wind decided remove between 60-80 acres of forestry. We have a few questions for you and your board.

Wetlands Impact

Is there hay bails and silt fence around those areas?

Wetlands Violation

As we discussed, there was a lot of wetlands disturbance and impact. Is there anything in place to stop any future impacts?

Cutting Plan

Did the Applicant to file any type of cutting plan with the Douglas Conversation board?

Please bring these items to your board.

Thanks,
-Les
