Dear Seven Hills,

The Planning Board has continued the Public Hearing for American Pro Wind LLC regarding the Douglas Woods Wind Farm project to **August 23, 2011 @ 7:45pm.**

The Planning Board recommends that even though there may be no new information for the August 23, 2011 meeting, that a representative from APW attends the meeting in order to give the Planning Board an update status on the project.

PS. Please confirm that you have received this email.
