Dear Commissioner Lambert,

On behalf of the Town of Douglas I would like to thank you for your assistance in addressing our concerns surrounding Wallum Lake State Park and the impact the state facility has on our town. Through numerous meetings with you and your staff, I believe we've come a long way in addressing those concerns.

Like you, we're optimistic that the settled new policies will help relieve the burdensome issues we, as a town, have faced over the past several years. The additional state resources will also help alleviate the identified problems. They, too, are appreciated.

I would like to schedule a meeting with you in September to discuss the success of the new policies and, if necessary, to discuss any changes that will be needed in 2013. In the meantime, I have asked that our public safety personnel keep me abreast of the effectiveness of the new policies during the summer months.

Until then, we will enter the season with a much better plan than in years past. Thank you for hearing us.

Sincerely,

Timothy Bonin, Chairman
Board of Selectmen
