Dear Board Members:

We understand that you are currently considering various options to improve and expand the water and sewer infrastructure in the Town of Webster. We believe that there may be areas of mutual interest, where by working together we might be able to maximize the potential of expanding the utilities near our town lines. We would very much like the opportunity to have officials from our two communities meet to discuss areas where through cooperation we could maximize these potential improvements. Please contact our office to inform us of your willingness to meet to discuss these important matters. Thank you.

Sincerely,

Michael D. Hughes, *Chairman*
